25 April 1986

MEMORANDUM FOR:	Director, DCI/DDCI Executive Staff
FROM:	Director of Central Intelligence
SUBJECT:	Material Needed for Upcoming Events
Looking ahe together:	ad, here are some things which need to be followed and pulled
relationship and I think I'd like by the highlight stance in the Pa	their situation. See my note of this week to Fritz Ermarth. a quick evaluation of their outlook and purposes as indicated s and new developments in strategic forces; their new aggressive cific, as cited by CINCPAC at our luncheon; their economic situation; the Ogorkov doctrine force; their holding back on arms talk progress as outlined in tement drafted on interim restraint.
and the system J I remarked to Bo of good things t	e a look at the tasking and idea notes I sent out this week ay has for keeping track of them. That needs greater activation. Ib Gates yesterday that I am impressed and concerned by the number hat go on in our outfit that slumber away until. too frequently y come to the top.

China initiative the Third World project Bob Gates and sing implemented. Jay's system is too SEC, I didn't like waiting for things to come up to the Commission, all the Commission to vote on. I got three bright, follow the progress and help me input of the recommended decisions and initiatives seeded things up and proved a galvanizing more of that here. It would improve the improvement, their sense of the value of work to policymakers' needs. It that came up for my recent talks to sper Editors, the Fordham Roundtable, the AFIO draft for next week in Naples, do to them, costing me half a day at the better way to do this. A good part of and define what I think fits the occasion, ir organizational resource knowledgeably.
eing implemented. Jay's system is too SEC, I didn't like waiting for things to come up to the Commission, all the Commission to vote on. I got three bright, follow the progress and help me input of the recommended decisions and initiatives eeded things up and proved a galvanizing more of that here. It would improve the improvement, their sense of the value of work to policymakers' needs. I that came up for my recent talks to aper Editors, the Fordham Roundtable, the AFIO draft for next week in Naples, do to them, costing me half a day at the a better way to do this. A good part of and define what I think fits the occasion.
